PROFESSIONAL SUMMARY

Computer Science undergraduate with hands-on experience in full-stack web development, cybersecurity and AI-based applications. Passionate about data-driven problem solving, building efficient solutions, and continuously learning new technologies.

EDUCATION

B - Tech in Computer Science and Engineering | CGPA : 7.3

Cape College of Engineering Alappuzha | 2023-2027

Higher Secondary Education | 85 %

TDHSS Alappuzha | 2023

SSLC - A+ Grade in all Subjects

SKILLS

Technical Skills

- Languages : Python, JavaScript, C
- Data Analysis : SQL (Basic), Microsoft Excel, Pandas, NumPy, Matplotlib
- Web Technologies : HTML, CSS, Angular, Bootstrap, Node.js, Express.js
- Database : SQLite3
- Tools : Git, GitHub, VS Code, Google Colab

EXPERIENCE

Full Stack Development Intern | Decode Labs

Jun 2026 - Ongoing

- Developed practical full-stack web applications.
- Gained hands-on experience with modern web technologies.

Cybersecurity Intern | Thiranex Technology

Jun 2026 - Ongoing

- Gaining hands-on experience in cybersecurity concepts and secure application development.
- Applying security best practices while working on practical projects.

Front-End Application Development Intern | NeST Digital Academy

Dec 2025 – Jan 2026

- Developed Angular-based web applications using components, modules, and routing
- Built responsive user interfaces using HTML and CSS.

PROJECTS

Secure Login System | Node.js, Express.js, SQLite3

- Developed a secure user authentication system with registration and login functionality.
- Implemented password hashing, JWT authentication, email verification, and Two-Factor Authentication (2FA).

Personal Finance Tracker | Angular, Node.js, Express.js, SQLite3

- Developed a full-stack application to manage income and expense transactions.
- Implemented CRUD operations and integrated frontend with backend APIs.

Indian Sign Language Interpreting System | Python, AI/ML

- Developed an AI-based system to interpret Indian Sign Language gestures.
- Applied machine learning techniques to improve communication for hearing-impaired users.

Recruitment & Interview Management System | Node.js, Express.js, Bootstrap

- Developed a platform to manage candidates and interview schedules.
- Implemented status tracking and interview management features.

CERTIFICATIONS & ACTIVITIES

- NPTEL – The Joy of Computing using Python (2025)
- Volunteer – National Service Scheme (NSS)
